

Tracing its roots back to the 19th century, Amorim has become the world's largest cork and cork-derived company in the world, generating annually more than 860 million euros in sales to more than 100 countries through a network of dozens of fully owned subsidiaries.

With a multi-million Euro R&D investment per year, Amorim has applied its specialist knowledge to this centuries-old traditional culture, developing a vast portfolio of 100% sustainable products that are used by blue-chip clients in industries as diverse and demanding as wines and spirits, aerospace, automotive, construction, sports, interior and fashion design.

Amorim's responsible approach to raw materials and sustainable production illustrates the remarkable interdependence between industry and a vital ecosystem - one of the world's most balanced examples of social, economic and environmental development.
